WELCOME TO HIMOS HOLIDAY!

Himos Holiday is already a 30-years young family company that has rented cottages and welcomed thousands and thousands of satisfied guests over the years. In this book we want to give you some tips and insight to all those things that you can do and experience your holiday. Sit back and take your time with the options, have a relaxing holiday!

ON HOLIDAY

LINEN & TOWELS

In case you did not rent the linen and towels in advance, you can rent them at Himos Center reception. Our linen supplier is a certified company that monitors the responsible use of energy, water and chemicals.

MAINTENANCE

Maintenance company Himos Mökkipalvelut is responsible for maintenance, renovating and cleaning. Our own specialised maintenance and cleaning teams ensure that we know the various housings and their demands to the core. If you notice any deficiencies, you must report it immediately during your stay to duty number +358 20 711 9213 so the damage can be repaired or refunded immediately when possible. If the problem is not notified during the stay, the guest may lose their right to any compensation

GENERAL COURTESY ON THE AREA

Silence in the area is to be respected between 23 – 07 o'clock, during which all noise and other disturbance is prohibited. If the guests are causing excess disturbance, they are to be fined with a 500 € penalty fee. 24 hrs AiCan duty will assist in urgent matters, tel. +358 20 711 9213.

HOT WATER

The hot water of the accommodation should be enough for normal use. If hot water is used carelessly, it will run out. If this happens, it will take a few hours for the water to heat up again.

OUTDOOR JACUZZI

Instructions for the use of the outdoor jacuzzi are provided when you check-in. Please read the guidelines carefully before use. The temperature of the outdoor jacuzzi cannot be adjusted. Any tampering might set the outdoor jacuzzi to a locked stage. In case of any problems, please contact Outdoor jacuzzi duty service number +358 29 170 7120

SAUNA STOVE

When using sauna stove, general precautions must be taken. Check that there are no flammable products on or near the stove. User instructions for the sauna stove can be found in the cottage book or on the wall of the accommodation. In some cottages, when the sauna stove is switched on, a part of the room heating turns off to save energy. When the stove is switched off the heating will automatically return to normal.

FIREPLACE

When using a fireplace, general precautions must be taken. Make sure that the damper of the fireplace is open before you light fire. The damper should be closed only when the furnace and the charcoals are completely extinguished.

FIREWOOD

Firewood is available either from the accommodation's own wood storage, a wood box on the terrace or the wood storage of the cottage area. The wood storage of the area is marked with 'T' on the cottage area map. In some cottages the renting price includes one bag of firewood. More can be bought from the Himos Center reception or during opening hours. If there is no firewood left, contact our duty service number.

AIRING CUPBOARD

Several villas have airing cupboard for clothes. If you switch the airing cupboard to the maximum power, it may overheat and turn off. The heat of the drying cabinet should be adjusted to max 40-50 degree.

CHARGING ELECTRIC CARS

Electric cars can only be charged from the outlets that are intended for them and marked with a symbol. Check the cabin description if there's a charging point in the cottage. Charging from other plugs can cause a fire safety risk. The guest is obliged to compensate for any inconvenience caused by charging.

WASTE DISPOSAL

Each cottage area has their own waste collection points that are meant to collect and sort regular everyday household waste. Collection points on the map:

HIMOS RECYCLING PLACES

kierratys.info

BARBECUES AND GRILLS

Some cottages are equipped with barbecue/grill which are available for use during the summer season (29.4.-30.9.) Some luxury villas have gas barbecues in use throughout the year. Residents should clean the barbecue after use. If there is no mention of a grill in a cottage description, it is not part of the cottage equipment. Previous guests may have left behind charcoal or disposable barbecues, which are not mentioned in the accommodation description. The use of such barbecues is by the user's own risk and strictly forbidden on porches and terraces. The use of barbecues outside the cottage is permitted at your own risk on sand or asphalt. Never leave a barbecue unattended.

GAS FOR GRILL

If the cottage is equipped with a gas grill and the gas runs out, please to inform the maintenance +358 20 711 9213 (during 29.4.-30.9.)

OUTDOOR CANDLES AND FIRES

Keeping the outdoor candles and fires on the terrace or porch of the cottage is strictly denied according to the fire safety instructions available in the packaging.

SMOKING

Smoking indoors in the accommodation is strictly forbidden and will result in an airing fee if disobeyed.

DOOR OPENING

If the key is left inside the accommodation, door opening fee by 24 hrs duty service during the reception opening times is 50 € and other times 80 €. Please to call +358 20 711 9213 if you lock yourself outside.

UPON DEPARTURE

LATE CHECK-OUT

The accommodation must be handed over and the key returned to Himos Center reception on the day of departure by 12 o'clock. Late check out (until 6pm) is possible for most accommodations for extra cost of min. 50 € depending on the accommodation. The late check out may be booked from Himos Center reception latest the day before your departure, during reception opening hours. When the reception is closed, the key can be returned to the key drop box on the right-hand side of the front door of Himos Center.

DEPARTURE CLEANING

You can book departure cleaning in advance from the sales service or when you come for the check-in in the reception, departure cleaning from 75 € / cottage. If you do the departure cleaning yourself, detailed cleaning instructions can be found in the cottage from the cleaning closet. In some cottages and villas departure cleaning is a mandatory extra service which the system books automatically. The service is specified on the invoice.

LOST AND FOUND

Remember to take your belongings with you when leaving, we are not responsible for handling the lost and found returns. Items collected from the cottages will be delivered to Suomen Löytötavara-palvelu /Finland's Lost and Found Service), tel. +358 600 03393, price €1.98/min + local network charge.

ARRIVAL INFO

himoslomat.fi/en/arrival-info

Jacuzzi
in almost
200
cottages!

SAUNA AND OUTDOOR JACUZZI

Himos Holiday has almost 200 villas with outdoor jacuzzis to rent.

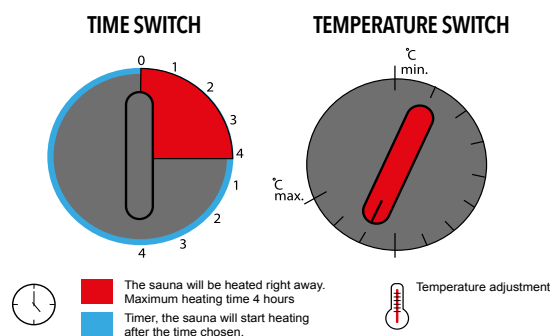

Locations can be inquired and booked via Himos Holiday Booking Center by calling +358 (0) 20 711 9230. Guidelines for the use of the outdoor jacuzzi are provided by the Himos Center reception.

Please, read the guidelines carefully before use.

- Open the lock and cover when you wish to use the outdoor jacuzzi. If you are not using the jacuzzi, keep the cover on. Remember to close the cover when you finish bathing.
- Temperature in the outdoor jacuzzi has been set to 38 degrees. It is natural that the water cools down in use. The colder the outdoor temperature is, the faster the temperature in the jacuzzi will drop, when the cover is off. If the water feels cold, turn off the bubbles and close the cover. The jacuzzi will warm up by 1-2 degrees per hour.
- Temperature cannot be adjusted by a guest. The pool enters a lock mode if the temperature controls are tampered with. The bubbles (button JETS) and lights can be adjusted freely.
- Chlorine and other chemicals are used to disinfect the pool. If a guest is hypersensitive to this type of substances, please avoid using the pool.
- Wash yourself before and after bathing in the jacuzzi. Read the hygiene guidelines carefully before use. You will be given written instructions when picking up a key from the reception.
- Be careful, the pool environment may become slippery from splashes and ice during winters.
- The jacuzzi is on all the time, so water is heated and cleaned by passing through the filters. Never turn off the outdoor jacuzzi. Outdoor jacuzzi duty service tel. +358 (0) 29 170 7120.

OPERATING INSTRUCTIONS FOR SAUNA STOVE

Switch on the stove about 40-60 minutes before bathing. Check that there are no flammable products near or on the stove. The heater has two controls, temperature and heating time. When the heater starts to warm, you will hear a slight clicking sound and you can feel the stones warming. Please, note that you do not turn the stove on timer unintentionally (blue section in the figure). If you want the stove to start heating up later, use the timer. Blue section in the figure present the timer. For example, if you set the controller to number 2 in the blue section, the stove will start to heat up after 2 hours. When you finish bathing, turn the time control to zero. In cottages with a different kind of sauna stove, there are sauna stove user instructions separately.

Why go anywhere else when you can go swimming?

Swimming Hall Koskikara has a pool for fitness swimmers, a therapy pool, a children's pool, as well as a gym, a traditional sauna, and a steam sauna. In the summer, you can go swimming in nearby Lake Koskikeskinen, which also offers winter swimming opportunities. You can buy refreshments and small snacks from the café.

Ticket sales open from September to April

RESTAURANT SERVICES IN THE HEART OF HIMOS

In an upbeat restaurant Tupa kitchen & bar you'll discover the best bites from breakfast to à la carte. The menu also offers the favorite delicacies for kids and the best pizzas in the county.

Enjoy the best atmosphere in Himos with some street food flavours. Karaoke every time the pub doors are open.

Restaurant Liiteri for private groups ensures memorable evening in this symphatic hideway decorated after its Finnish translation woodshed. The rustic menu is generous and rarely leaves anyone wishing for something small after leaving the dinner. Wine and beer tastes are chosen accordingly, to compliment the menu and surroundings. The restaurant fits 200 people, minimum charge 30 seats per group.

ATV SAFARIS

PATAJOKISAFARI

Patajoki safari circles around Himos along roads and trails.

LIESJÄRVISAFARI

Safari takes you to lake Yläinen Liesjärvi behind Himos hilltops. We will stop for a snack break by the campfire and there we will grill sausages and enjoy juices. Safari will be ridden along smaller roads and forest trails.

MOOSE SAFARI

We will make a tour around the trails and small roads around Himos Resort before heading to the backwoods to an enchanting little zoo-park called The Moose Manor. After visiting the mooses, reindeers and fallow deers we'll enjoy a coffee and pie before heading back.

ATV RENTAL

You can also rent an ATV for your own use. The renter must hold at least a category T- license.

RENTAL INCLUDES:

- Driving guidance, route fees
- Helmet, hoodie, gloves
- Insurance (deductible € 1.200)

HIKING SPOTS

himoslomat.fi/en/activities/hiking/hikingspots

ENJOY THE NATURE

In the versatile ground and beautiful landscape of Himos crosses some marked hiking routes. An amazing experience by foot or by snowshoes – or are you daring enough to jump on a bicycle?

TRAILS FOR HIKING AND BICYCLING

HIMOSHUIPPU TRAIL

6 kilometers long trail starts from the top of Northern Himos. Well marked route passes two camp fire places.

PALJAKKA

Beautiful trail of Paljakka is 4,4 kilometers long. The trail meanders along magnificent rocky woodlands and passes one camp fire place. You'll find your way to Paljakka trail from Himoslaakso valley along a marked 1,5 km long trail.

SAMMALSUO

If you're hungry for a longer hiking trail, you can add Sammalsuo trail to the Paljakka trail. It will add 3,6 km to your hiking experience!

MAPS

himoslomat.fi/en or from Himos Center reception

eFatbikes in Himos

See the beautiful scenery, breathe clean air and work out! Himos offers a wide variety of bicycling trails from routes for the whole family to routes for the mountain biking enthusiasts.

NATURAL ATTRACTIONS NEARBY HIMOS

ISOJÄRVI NATIONAL PARK

The beautiful Isojärvi National Park in the border of Jämsä and Kuhmoinen offers over 30 kilometers of hiking trails. There are also camping possibilities and camp fire places in the park.

JUVENINKOSKI WATERFALL

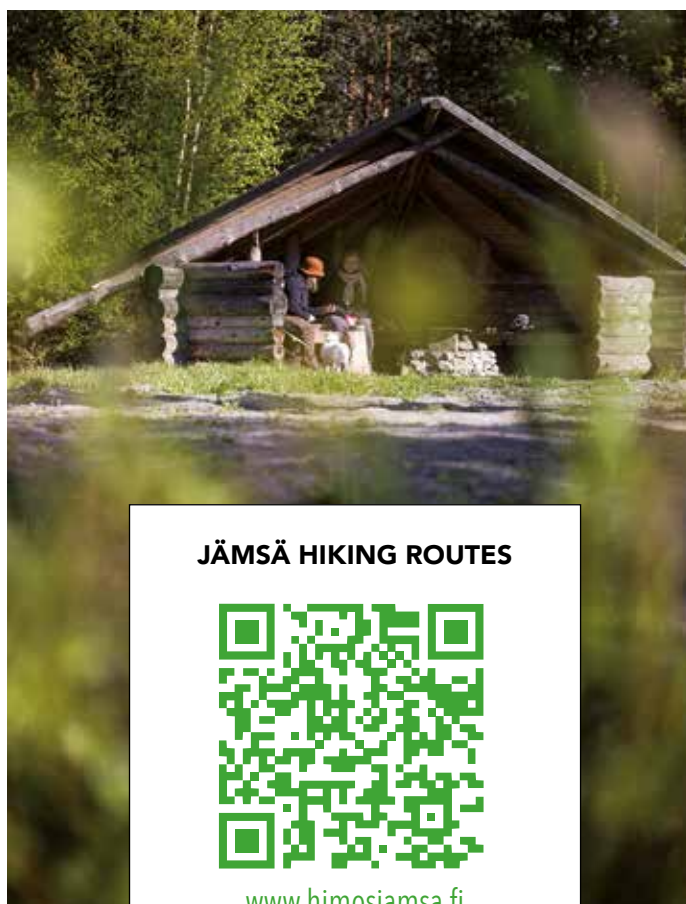

Juveninkoski waterfall in Partala is almost 7 meters long waterfall. The parking lot is nearby the attraction itself, so this is an easy access spot to go to also with children.

ROTKOJÄRVI LAKE

Ruuhijärvi lake is 800 meters long and 50 meters wide lake. The northern shores of the lake have steep rock faces up to 40 m high, hence the name Rotkojärvi – gorge lake.

VOROROTTI

Central Finland's most impressive dry-land gorge watershed invites the adventurous to explore its rock formations and caves. Please note, that the trail to Vororotti is demanding.

JÄMSÄ HIKING ROUTES

THINGS TO DO IN WINTER

IN THE WINTER WEEK PROGRAM, E.G.

ARCTIC FLOATING

Have you ever wondered what it would feel like to float like an ice cube in a glass? The Ice Swimming Adventure will give you the opportunity to try it out. A jump into freezing water is an incredible experience that gives you something to remember for a long time. Wear comfortable indoor clothing under the flotation suit, the suit provides protection from the water and the cold. The suits fit best for minimum 150 cm tall swimmers.

TROLL FOREST WINTER ADVENTURES

Do you believe that there are real trolls living in the Himos forest? Come and meet the trolls and take the children's adventure tour in the Troll forest where we will light a campfire by a hut and roast some sausages. Recommended for 3 to 8-year-old children, for 6-year-olds and younger accompanied by an adult.

CHILDREN'S SNOWMOBILE SCHOOL

Who says that enjoying the thrill of speed and the rumbling of an engine is just for adults! Snowmobile school for children on a closed circuit where children can safely experience the genuine atmosphere of snowmobiling. After the course, every child will get a diploma for attending the snowmobile school. Driving is only allowed under the supervision and responsibility of the child's guardian.

NIGHT SNOWMOBILE SAFARI

A snowmobile safari in the varied landscape of Himos where the headlights of the snowmobiles create an exciting atmosphere in the dark, snow-covered forest. Tour guide services, instructions for driving a snowmobile, driving gear (helmet, driving suit, gloves, boots), a snowmobile and fuel, as well as roasting sausages and a beverage are included. Drivers are required to have at least a T driving licence (to drive a tractor).

THINGS TO DO IN SUMMER

IN THE SUMMER WEEK PROGRAM, E.G.

eFATBIKE -SAFARI

Electrically assisted Fatbikes make the hilly landscapes of Himos a breeze, even if you haven't ridden a bike for a while. And for those who want more of a challenge is option to pedal without the electronic assistance if indulgence is not the main thing. The safari explores the beautiful scenery and cycles to the fireplace, where you can enjoy campfire sausage and juices.

A VISIT TO MOOSE MANOR

Have you ever kissed a moose? Come and take a tour to an enchanting little zoo-park called The Moose Manor. The family run restaurant and zoo-park are in a farmhouse built in the 18th Century. Moose Manor is the only place in Finland where you can cuddle and kiss forest moose. There are also fallow deer and reindeer in the park. Moose manor is located 10 km from HimosCenter, Heinäseläntie 381.

SMOKE SAUNA IN THE SAUNA VILLAGE

Probably the biggest collection of smoke saunas in the world can be found from Sauna Village. In this beautiful spot at the bay of the Lake Päijänne, the historic saunas are being carefully restored by using the traditional tools and methods. The traditional smoke saunas are heated on Saturdays during the summer, and you are welcome to join and keep the culture alive. Sauna village is located 7 km from Himos, Pataniemi 420.

PATAJOKISAFARI – WITH ATV'S

This 1,5 hour safari concentrates in the main thing – driving. After an introduction on how to handle the vehicle we will discover the Himos Resort from different angles. Depending on the season we will drive through small winding sandy roads or head to the forest paths. A quick stop for pictures up on Himos hilltops is a must.

26 ILLUMINATED SLOPES • 16 LIFTS • 2 SNOW PARKS • VERTICAL DROP 151 M • LONGEST RIDE 1,200 M

Enjoy the snow and slopes

RESTAURANTS • SKI RENTALS • SKI SERVICE
TEST CENTER • SKI SCHOOL

SNOW FUN FAMILY AREA

- 2 carpet lifts • Platter lift • Rope lift
- 5 slopes • Sledding hill • Snowtubing hill
- Lean tos • Playground

A great setting
for training and
sales days, as well
as meetings!

FOR BUSINESS

MEETING IN A VILLA

A villa is suitable for an informal meeting for a small group. You can order a meeting equipment (beamer, white screen, screen, flipchart and marker pens) to a villa. Himos Catering provides meals delivered to the doorstep. Alternatively, a meeting lunch can be enjoyed at Tupa kitchen & bar during the day.

CONFERENCE CENTER SCHOOL

The School conference center has conference facilities for groups of 8 to 90 people: Office, Principal, Biology, Handcraft and Geography. The personalized meeting rooms are decorated in accordance with the old school world but equipped with today's technology. Coffee is available throughout the meeting day in the School's lobby.

MEETINGS AND SEMINARS

himoslomat.fi/en/groups/meetings-and-seminars

FULL DAY MEETING

Including buffet breakfast, buffet lunch, plentiful afternoon snack and a meeting room with facilities. **Ask for an offer!**

HIMOS HOLIDAY BOOKING CENTER

himosholiday@himosholiday.com

CONFERENCE VENUE RANTAKAMMARI

Rantakammari is a unique space for more private meetings in a separate building. Dining takes place across the yard in Tupa kitchen & bar. The Rantakammari conference room for 40 people and the common living room provide a pleasant setting for a meeting. Rantakammari also has 15 double rooms for a total of 30 guests.

HIMOS ARENA

Himos Arena can host up to 220 and there can also hold mini exhibitions. In addition, Himos Arena is suitable for the dining of even bigger groups. For example, a cocktail dining can be arranged for up to 600 people.

EXPERIENCES TOGETHER

MEETINGS AND SEMINARS

himoslomat.fi/en/groups/meetings-and-seminars

ACTIVITIES FOR GROUPS

ESCAPE ROOM HIMOS

For an hour into another reality? An escape game is an adventure where you fight together with your teammates against time. Experience an exciting getaway in Himos!

SPORT ACTIVITIES

Organize for your group a trail run, body care or ski lessons guided by a physiotherapist. In Himos you can also take part in Firstbeat well-being Analysis.

WELL-BEING AND PAMPERING

Does your body need gentle yoga or your mind balance? You can also book pampering treatments directly at your cottage.

TEAM COMPETITIONS

We can arrange you all sorts of team competitions to get you carried away. For example, arctic floating, Simulator world, paintball, pentathlon of five different kinds of games and alpine curling. Contact us with your wishes and let's build up together a team competition for you!

THE CHARM OF SPEED

ATV- and snowmobile safaris in the hilly landscape of Himos are our customers' favorite activities year after year. The newest safari we offer, is an eFatbike safari. It is suitable for many kinds of groups whether you are looking for chilling or sweat.

SAUNA YARD

Sauna Yard is designed to serve groups up to 150 people. There are four saunas; smoke sauna, electric sauna, barrel sauna and a wood-burning sauna. Barrel sauna is an invention made in Jämsä. There are also two outdoor jacuzzis, an outdoor hut tub and all-year-round possibility to swim in lake Patalahti. Groups have bath ropes, slippers and towels ready, so moving from sauna to another or cooling down in the Sauna Yard's two BBQ-huts and indoor sitting rooms is easier. You can book a DJ for your Sauna Party or have a Sauna Master with you to tell you more about sauna traditions and charms.

SMOKE SAUNA

The over 20-years-old smoke sauna with outdoor jacuzzi and a sitting room is an experience for a sauna enthusiast also. The premises also have a BBQ-hut and the possibility to swim in lake Patalahti.

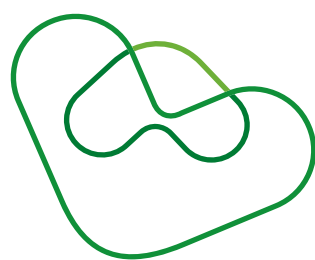

LAKESIDE SAUNA

Lakeside sauna is next to smoke sauna by the shores of lake Patalahti. The sauna stove is heated with electricity. There's a dressing area and a fireplace room separately, and of course a jacuzzi and the opportunity to take a dip in the lake.

JÄMSÄ SAUNA VILLAGE

Probably the biggest collection of smoke saunas in the world can be found from Sauna Village, which is located in Juokslahti, Jämsä just about 7 km from Himos. In this beautiful spot at the bay of the Lake Päijänne, the historic saunas are being carefully restored by using the traditional tools and methods. The traditional smoke saunas are heated on Saturdays during the summer, and you are welcome to join and keep the culture alive.

KENKÄ

TEOLLISUUSKATU 1 JÄMSÄ

SUSTAINABILITY

We want to increase the possibilities of sustainable tourism in Himos and the whole of Central Finland on our part. We are committed to our staff and customers to increase awareness, to make energy and water use more efficient and to reduce the environmental burden of accommodation. During your vacation, also pay attention to responsible ways of doing things, even with small ones you can make a big difference with your choices. Together we create sustainable Himos!

PURELY LOCAL

For over 30 year Himos Holiday has attended to guests on the area. A small family company has grown into a large organization which wants to preserve the family company values and authenticity. HimosHoliday is proud of Jämsä and its people. Almost 100% of our personnel, subcontractors and partners are from Jämsä or the surrounding areas.

YEAR-ROUND

HimosHoliday welcomes tourists from Finland and abroad all year round! In addition to continuous turnover, year-round operations ensure a more consistent need for personnel. This also makes us a more reliable employer and partner.

SOLAR ENERGY

The sunny roof of the night club Himos Areena is crowned with almost 100 solar panels. This solar electricity is intended to cover part-year electricity consumption not only in the hotel premises but also in HimosAreena and the surrounding cottage area. The number of solar cells in the area will be increased even more in the next few years. Himos Golf is also greening its operations: Himos Golf's golf cart canopy is covered with solar panels for charging electric golf carts

ELECTRICITY WITH A CERTIFICATE

HimosHoliday buys EPD-certified electricity from Vattenfall. The EPD is a document and environmental statement that provides transparent and comparable information on the environmental impact of products. It describes resources consumed per kilowatt hour produced, emissions generated, waste, recycling and land use. EPD is a transparent way of demonstrating a company's environmental impact that customers value.

SUSTAINABLE PURCHASES

Our own maintenance and cleaning teams ensure that we have experts in the cottage who know our destination and specialize in the features of the cottages. Our main principle is to try to fix as much as possible, so excess buying and wastage can be avoided. If we need to buy something new, we choose the best suitable partner from our network. Our linen and towels are provided by hotel textile company Comforta Oy, that is certified with a Nordic Swan. The Nordic Swan ecolabel requires the holders to follow sustainable energy, water and chemical consumption and helps us to minimise our environmental impact.

FINLAND'S LARGEST TOILET IS NOW ALSO THE GREENEST

Finland's largest toilet has been serving festival goers at Himos since 2014. Finland's largest toilet complex has a total of over 100 toilets - there are 42 toilets on the women's side, 14 toilets on the men's side and 34 urinals. In addition a toilet for disabled is in use. The water footprint of the events organized in Himos is kept under control in a unique way: toilets are flushed and hands are washed with lake water. Responsibility consists of many individual choices. The black Katrin toilet paper, paper towel and soap dispensers are made of recycled plastic. The dispensers themselves are designed in such a way that unnecessary consumption remains at a minimum. With the tissue paper chosen for the festival bathroom, the carbon footprint remains around 30% smaller - and the festival-goers get to use slightly softer paper. The paper products for Himos come from Metsä Tissue's Mänttä factory about 50 kilometers away, so it is a real local product.

**EVENTS,
